

Dear Volunteers,

The Duramed FUTURES Tour is the LPGA's Developmental Tour.

From August 11th through the 17th the road leads to Richmond Country Club. RCC is hosting a Duramed FUTURES Tour event. This event will showcase Richmond to the local community as well as the professional golf world.

Over 144 women professionals will arrive in Richmond on Monday, August 11, having just finished a tournament in Kentucky. Tuesday is a practice day. Wednesday and Thursday are scheduled as Pro-Am rounds where the women get to know the course and play golf with interesting and interested local golfers. The official tournament begins on Friday and runs through Sunday, final play day, with only the top 70 and ties advancing to the final round on Sunday.

In order for this to be a successful event for RCC as well as the LPGA's Duramed FUTURES Tour and the ladies who will be playing golf we need volunteers. Richmond has a rich history of commitment to volunteering and this event will give each and every one of you the opportunity to volunteer in some capacity to make this inaugural event a true showcase of all Richmond has to offer.

On this web site is a volunteer form. This form must be filled out and turned into Richmond Country Club. Also on the site is a form which has a description of each position listed so you can make an informed choice.

We truly do need you to volunteer for this event to be a success. Please fill out the form and drop it off at the club as soon as possible.

Regards,

Toby F. Tomko
